

There are thousands of
stray cats not desexed having
litter after litter of kittens.
You can help us stop this.

Cat Rescue Christchurch Charitable Trust

What do we do?

Our mission is to reduce stray cat overpopulation in Christchurch by desexing stray cats using the humane trap, neuter and return (TNR) method. Adults who are not social are desexed to prevent further unwanted kittens being born, and young stray kittens under 8 weeks of age are socialised and rehomed.

Thanks to supporters like you, Cat Rescue Christchurch has desexed thousands of cats which has prevented thousands more from being born. We are a no-kill organisation that treats every cat we help as an individual.

We invite you to support our unique organisation and make a real difference for the stray cats of Christchurch.

Trap, neuter and return is a worldwide movement to effectively and humanely reduce stray cat numbers. TNR is an alternative to the euthanasia of hundreds of stray cats in shelters who are not friendly enough to be rehomed.

By neutering (desexing) stray cats, less kittens are born as strays and stray cat populations stabilise. Removing stray cats from an area often means more cats will occupy the newly vacant area and the problem will continue.

For more info about TNR, please see www.catrescue.org.nz

How can I help stray cats?

- ☒ **Donate** (complete the form overleaf)
- ☒ **Volunteer** (complete the form overleaf)
- ☒ **Adopt** a Cat Rescue Christchurch cat or kitten.
See www.catrescue.org.nz for cats and kittens for adoption.
- ☒ **Desex** your companion cats before they breed.
Female cats can become pregnant as early as 4 months of age.
- ☒ **If you know of any stray cats**, please have them desexed before they breed.
See www.catrescue.org.nz for how we may be able to help.

How does my donation help?

Most of our income is used for the care and vet treatment of the stray cats we help.
\$500 helps pay for life-saving surgery and medical tests for a sick cat.
\$200 covers the cost of getting one cat or kitten ready for adoption.
\$65 pays for the desexing of one stray cat, preventing hundreds of kittens from being born in the future.
\$50 covers the care of one stray mother cat and her litter of kittens for one week.
